PROGRAM DESCRIPTION

TAP is a judicatory-based program of theological education designed to help participants discover their own theologies and develop their ministerial skills within the context of a supportive, intentional community of fellow learners. The curriculum focuses on the Biblical Interpretation, Theological Reflection, and Practical Ministry. There are ten courses that make up the TAP curriculum, each lasting eight sessions long. TAP is open to all members of the Southeast Conference and our ecumenical partner churches. No educational prerequisites are required. The cost per course is $100.00 plus textbooks. Currently, the TAP group at Victory meets on Thursday nights from 7:00—9:00 p.m. All are welcome!
